

Shepherd Protocols

- A maximum of 4 divers are allowed on each trip. Yellow tape on the railing indicates diver spaces.
- Staff only in the cab except for the use of the head.
- Ensure physical distancing is respected at all times.
- Wear a mask while on the boat when not diving (re-usable masks are available for purchase).
- Assemble gear at your vehicle before loading; don drysuits/wetsuits prior to boarding.
- Bring only the equipment and materials that are necessary for safety and underwater operations.
- All equipment brought aboard should be in a small bag or one of the supplied bins.
- Use overhead netting for anything you want to keep dry.
- There are no communal rinse buckets – please rinse your mask in the ocean.
- Please do not spit in masks – mask defog solution is supplied.
- Do not touch other people’s equipment unless absolutely necessary – use hand sanitizer if you do.
- Several bottles of hand sanitizer are available for all to use.
- If help is required by staff, sanitize before and after assistance.
- Packaged snacks are available, but please bring your own liquid refreshment.
